What is enterprise?

Enterprise is a key word for The Big PIE Challenge! It can mean quite a few different things, but we are going to focus on its meaning in business. If you start a new business, you can also say you have a new enterprise.

Enterprise also links to people who use their skills to run a business. To be enterprising you have to be proactive and take the right risks to see good results.

An entrepreneur is someone who sees an opportunity, takes it and develops it into something brilliant. They use their forward thinking and creativity to take risks.

Have you heard of Facebook? This website was created by Mark Zuckerberg who is an enterprising person. He saw an opportunity, took a risk and luckily his business grew very quickly!

SEE IF YOU CAN ANSWER THE FOLLOWING QUESTIONS!

1. Which famous enterprising person has a TV show called The Apprentice?
2. Who started the brand 'Virgin?'
3. Which local entrepreneur opened The Metrocentre?
4. Which famous entrepreneur started Apple?
5. Who is Bill Gates and what is he famous for?

What makes an enterprising person?

Each person has many different skills, qualities, attitudes and behaviours. These are what makes each person individual, however enterprising people tend to have several skills and qualities in common.

SKILLS – these are things you can do well. For example, being good at leading a team, or being good at communicating with people or being good with numbers.

QUALITIES – are things which say what you are like as a person. For example, you could be patient, calm or confident. Which qualities do you have?

YOUR SKILLS WHEEL!

This wheel has a lot of skills around it and it is your chance to think about where you fit in with all of these. Put a star (*) in each segment of the circle to show how good you think your particular skill is. 0 is if you feel you don't have much experience in and 10 is excellent.
